Active TS/SCI Clearance | OPERATIONS & CYBERSECURITY RISK LEADER

Professional Summary

Highly accomplished senior operations executive and Lieutenant Colonel transitioning after 22 years of distinguished military service, including leadership roles at the division and joint command levels (101st Airborne, NORAD, USNORTHCOM). Proven track record of directing complex risk planning, enterprise digital transformations, and secure workflow integrations across Impact Level 5 (IL5) and Impact Level 6 (IL6) environments. Expert in aligning cross-functional teams, managing high-visibility stakeholder relations, and implementing cutting-edge technologies—including Palantir’s Maven Smart System (MSS), Power BI, and secure task management platforms—to drive operational synergy and data-driven decision-making. Seeking a senior role in Security Operations, Cyber Risk Management, or Operational Planning where strategic risk mitigation and technical integration directly secure enterprise missions.

Core Skills

- **Strategic Planning & Risk Governance:** Enterprise Risk Management (ERM), Strategic Threat Modeling, Risk Mitigation, IL5/IL6 Compliance, Policy Development, Vulnerability Assessments
- **Project Management & Team Leadership:** Cross-Functional Team Leadership, PMO Operations, Agile Methodology, Resource Allocation, Change Management
- **Integration, Collaboration & Liaison:** Interagency & Cross-Sector Collaboration, High-Visibility Stakeholder Engagement, Executive Reporting, RFI Management, Liaison Operations
- **Enterprise Digital Transformation:** Palantir MSS, Generative AI Integration, Power BI, SharePoint Development, Enterprise Task Management Software (ETMS2)

Professional Experience

North American Aerospace Defense Command (NORAD) and USNORTHCOM

Sep 2025 – May 2026

Strategic Advisory Lead

- **Strategic Planning & Risk Alignment:** Led cross-functional cybersecurity risk alignment for NORAD, USNORTHCOM, and JTF-Southern Border; coordinated four Level 1 Commander’s Estimates, translating complex threat profiles into strategic-level risk decisions.
- **Digital Transformation & Workflow Integration:** Championed digital transformation by institutionalizing the ETMS2 platform across IL5 and IL6 environments; established the first-ever user training and enrollment pipeline for the Division HQ, optimizing tasking speed and data security.
- **Cross-Staff Coordination & RFI Management:** Managed high-volume, multi-agency and Congressional RFIs; engineered a streamlined coordination framework that delivered rapid, data-driven security responses, ensuring mission continuity for Joint Task Force-Southern Border.

101st Airborne Division (Air Assault)

Jan 2024 – Sep 2025

Deputy Director of Operations (Deputy Division G3) | Deployed as part of Joint Task Force Southern Border – Sep 2025

Fort Campbell, KY

- **Digital Transformation & Auditing:** Spearheaded the digital transformation of the 18,000-person Division’s OIP as lead Project Manager; launched a centralized SharePoint portal and PowerBI dashboard, replacing a manual process with a data-driven, real-time readiness system.

- **Operational Readiness & Deployment:** Directed end-to-end readiness, pre-deployment training, and successful deployment of an 85-member cross-functional staff (G3/5/7) for Joint Task Force-Southern Border, ensuring 100% mission readiness for a high-visibility operation.
- **Enterprise AI Integration:** Led the integration of Palantir's Maven Smart System (MSS) and generative AI across the Division staff, establishing a real-time Common Operational Picture (COP) that fused disparate data streams into actionable executive intelligence.
- **Data Analytics Platform Deployment:** Directed the deployment and stress-testing of advanced data-analytics platforms during major multi-national simulations (Warfighter 2024, Freedom Shield 2025), partnering with product managers to engineer and validate new digital workflows.

United States Central Command

Jun 2022 – Jan 2024

Joint Security Division, Enterprise Risk Management Branch Chief

MacDill AFB, FL

- **Global Risk & Vulnerability Mitigation:** Directed a cross-functional team conducting vulnerability assessments for 100+ critical global facilities across 23 countries; implemented corrective actions that reduced open security and operational risks by 54%.
- **Crisis Management & Business Continuity:** Spearheaded rapid risk analysis and deployed critical physical security measures in high-threat environments; mitigated threats during 70+ active security incidents in under 60 days, ensuring 100% operational continuity.
- **Cross-Border Project Management:** Managed joint emergency preparedness and defense training for U.S. and international partners for the Qatar 2022 World Cup, ensuring seamless joint readiness and zero operational or safety incidents.
- **Executive Leadership & Talent Development:** Directly managed and mentored a high-performing team of senior professionals; recognized by leadership as a top 10% executive leader for driving operational excellence, critical thinking, and enterprise innovation.

Practical & Current Projects

- **Cybersecurity Home Lab:** Built a dedicated Windows 11 cybersecurity lab, performing OS installation, hardware upgrades, system hardening, and configuration for hands-on security training.
- **Home Network Security Hardening:** Configured Cloudflare DNS filtering to block malware and inappropriate content, verified DNS settings, and documented the home network security baseline.
- **Division G6 Cyber Operations Shadowing:** Observing enterprise cybersecurity operations, security monitoring, incident response, vulnerability management, and military network defense activities.
